* Assembly Bill No. 3336

This bill would require ready-to-eat food delivered through a third-party food delivery platform, as defined, to be transported in a manner in which the ready-to-eat food is protected from contamination, as specified, and would require all bags or containers in which ready-to-eat foods are being transported or delivered from a food facility to a customer through a third-party food delivery platform to be closed by the food facility with a tamper-evident method prior to the food deliverer taking possession of the food.
