WE CAN CHILI BETTER.

Offer your customers the *Chef-mate®* chili products with the classic taste they've always loved made with the unique Cooked Before Canning method they'll appreciate and your grandma would be proud of. If you haven't tasted our chili products recently, give them a try and experience the difference yourself.

**CLASSIC
TASTE!**

How we can better.

The Cooked Before Canning method allows us to cook our chili products with the care and attention they deserve and ensures our flavor is fresh with no tinny or metallic taste, no cooking gasses, and no scorching of our premium ingredients. This allows for an exceptional product with the firm textures and distinct flavors customers truly appreciate. It also delivers extended hold times, allows shelf stable storage, and makes for easy blending and mixing.

Authentic taste and consistent results without compromise.

Chef-mate chili products deliver time savings and preparation ease with authentic taste and consistent results. They're also highly versatile and can be utilized across your entire menu in new and interesting ways.

Ready to eat | Shelf Stable | Convenient storage and preparation to reduce cost and increase profit
